Best Institutional Asset Manager

Natixis Investment Managers' multi-affiliate approach connects clients to the independent thinking and focused expertise of more than 15 active managers including DNCA, Flexstone Partners, Harris | Oakmark, Loomis Sayles and Mirova. Ranked among the world's largest asset managers¹ with more than \$1.3 trillion assets under management², Natixis Investment Managers specialises in high-conviction active investment strategies, insurance and pension solutions, and private assets, and delivers a diverse offering across asset classes, styles, and vehicles.

Solutions orientated

Natixis IM partners with clients in order to understand their unique needs and provide insights and investment solutions tailored to their long-term goals, across both public and private markets. From investment firms with 90 years' experience in navigating changing markets to leading-edge experts in sustainability; from small cap equities to insurance specialists and deep private assets expertise, Natixis IM gives clients access to a wide range of asset classes and investment styles. They are ably supported by a host of central teams, including the Natixis IM Solutions team which brings together the firm's asset allocation and portfolio construction expertise, helping clients with everything from broad macro views to narrow, targeted quantitative research and peer group benchmarking.

Focus on ESG and Sustainable Investing

While there is no single way to succeed when it comes to sustainable investing, the firm believes its multi-affiliate model is uniquely placed to help clients wherever they are on their sustainable investing journey. Each of its independent investment managers has its own unique culture and expertise, providing clients with a broad range of responsible, sustainable and impact investing strategies across all asset classes, listed and private. From finding a good way to allocate capital to the energy transition to identifying risks and opportunities among a wide range of sustainability themes such as biodiversity & natural capital, water, social, health, nutrition, affordable housing, digital and robotic Natixis IM has an expert that can help.
